PAULINA'S FRIENDS fashion stands for unique customised designs, based on original artistic drawings and rare patterns and prints. Each garment is one of a kind piece. Slow, fair, social, ethical, tolerant fashion, which allows for individuality instead of individualism.

The brand creates handmade fashion, unique, uni-size, unisex, ageless pieces. The fabrics are covered with hand-painted abstract childhood patterns, digitally printed on 100 % organic cotton and silk. The cuts are simple, contemporary, futuristic.
